LinkedIn: linkedin.com/in/rashmi-rawat-492529297 | GitHub: github.com/RashmiRawat675

PROFESSIONAL SUMMARY

B.Tech Information Technology graduate (CGPA 7.32) with practical training in Java and the MERN Stack. Hands-on experience building responsive web applications using React.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Node.js, Express.js and MongoDB. Built multiple projects during practical training, including an e-learning platform, e-commerce website, food application and book management system. Strong foundation in frontend development, REST API integration, frontend-backend communication, responsive UI development, Java, and Data Structures & Algorithms. Seeking an entry-level Software Developer, React Developer, or Full Stack Developer role.

EDUCATION

B.Tech — Information Technology, Rustamji Institute of Technology, Gwalior | 2026 | CGPA: 7.32

Higher Secondary (12th), Govt. Girls Higher Secondary School, Dabra, Gwalior | 2022 | 78.8%

TECHNICAL SKILLS

Frontend Development: React.js, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive UI

Backend Development: Node.js, Express.js, REST APIs, API Integration, Frontend-Backend Communication

Database: MongoDB

Programming & CS Fundamentals: Java, Data Structures & Algorithms

Tools: Git, GitHub

TECHNICAL TRAINING

Coding Thinker — Java + MERN Stack Practical Training | September 2025 – April 2026

- Completed structured, hands-on practical training in Java programming and the complete MERN Stack (MongoDB, Express.js, React.js, Node.js), covering HTML, CSS, Bootstrap, JavaScript, React.js, Node.js and Express.js.
- Developed multiple applications as part of hands-on training and applied concepts through practical project implementation.
- Worked on frontend development, responsive UI design, React components, API integration and backend development concepts.
- Studied Java and Data Structures & Algorithms during the final three months of the program to strengthen programming fundamentals and problem-solving skills.

PROJECTS

StaySmart | AI-Powered Hotel Booking Platform (<https://github.com/RashmiRawat675/StaySmart>)

React.js | Node.js | Express.js | PostgreSQL | JWT | Razorpay | Google Gemini API

- Developed a full-stack hotel booking platform with authentication, role-based access, hotel and room management, booking, and payment functionality.
- Built RESTful APIs using Node.js, Express.js, and PostgreSQL for user authentication, hotels, rooms, bookings, and payments.
- Integrated Google Gemini API to develop an AI-powered booking assistant for natural-language booking requests and check-in/check-out date extraction.
- Implemented room availability validation and booking workflows with a responsive React.js frontend and reusable components.

E-Learning Platform | MERN Stack | React.js, Express.js, MongoDB, Razorpay

- Developed a full-stack e-learning web application with a React.js frontend and Express.js backend.
- Integrated the Razorpay payment gateway and MongoDB for application data management.
- Implemented frontend-backend API integration for core application workflows.
